MANIFOLD HEIGHTS PS CAMPS
POLICY

Rationale:
• The school’s camping program enables students to further their learning and social skills development in a non-school setting. Camps may have a cultural, environmental or outdoor emphasis and are an important aspect of the educational programs offered at our school.

Aims:
• To provide all children with the opportunity to participate in a sequential camping program.
• To provide shared class experiences and a sense of group cohesiveness.
• To reinforce and extend classroom learnings.
• To provide a program that delivers skills and knowledge that may lead to a lifelong involvement in worthwhile leisure pursuits.
• To provide a program that promotes self-esteem, resourcefulness, independence, leadership, judgement, cooperation and tolerance.

Implementation:
• A camp is defined as any activity involving at least one night’s accommodation, including sleep overs at school.
• The program will be developed sequentially throughout the school.
• School Council will ensure that all school camps are maintained at a reasonable and affordable cost, and comply with all Department of Education requirements.
• The Parent Payments information sheet distributed to parents at the end of the year will provide parents with approximate costs of camps for the following year. Parents will be notified of the exact costs and other relevant details of individual camps as soon as practicable.
• Parents experiencing financial difficulty, who wish for their children to attend camp, will be required to discuss their individual situation with the Principal. Decisions relating to alternative payment arrangements will be made by the Principal on a case-by-case basis.
• All families will be given sufficient time to make payments for individual camps. Children whose parents have not paid deposits by the due date, who do not make full payment by the due date, or who have not made alternative arrangements with the Principal will not be eligible to attend.
• To ensure the school does not incur a financial loss due to late withdrawals from camps, deposits are non-refundable.
• Any family who has not met the required alternative payment for a previous camp will be unable to participate in the camping program until the outstanding payment is finalised.
• School Council may set aside a budget each year that will cover the cost of replacing teachers who are involved in camps, or the costs for staff replacement can be borne by the participants.
• School camps are an outdoor education activity and as such, are subject to specific planning and approval guidelines.
• School Council is responsible for approval of all overnight excursions; camps; interstate and overseas visits; excursions requiring sea or air travel; excursions involving weekends or vacations; and adventure activities.

Prior to the commencement of any detailed planning relating to a proposed school camp, the Teacher in Charge must familiarise themselves with the Department’s Safety Guidelines for Education Outdoors website. They must meet formally with the principal, to present the principal with a planning summary, to discuss the proposed camp, and to seek ‘in principle’ support for the event.

If the principal’s approval is granted, detailed planning should commence using the planning questions proforma as a guide. This must include a site visit and risk assessment.

The school only uses residential campsites accredited by the ‘Australian Camps Association’ or the ‘National Accommodation, Recreation & Tourism Accreditation Program (NARTA)’ for overnight camps.

Organising staff must work in conjunction with the Business Manager to ensure that all costs associated with the camp have been budgeted for in order to determine the appropriate cost of the camp.

Prior to seeking School Council approval for the camp, organising staff are required to meet again with the principal and present him/her with all documentation, including the completed School Council approval proforma and all attachments, ensuring that time permits for the matter to be placed on a School Council agenda and, if approved, that the online Notification of School Activity form then be submitted three weeks prior to the activity.

Adventure activities are those that involve greater than normal risk such as base camping, bush walking, canoeing, snow activities, orienteering, cycling, horse riding, rock climbing and abseiling, challenge ropes courses, swimming (other than school swimming programs), surf activities, sailboarding, and similar activities. School Councillors may not have detailed knowledge of adventure activities. In such instances organising staff should consult the adventure activities website, or seek advice from peak bodies or skilled and experienced staff with recent experience instructing the activity to satisfy Council’s requirements. Emergency management plans are to be developed when adventure activities are being undertaken.

School Council requires that students only travel on buses fitted with seatbelts.

School Council requires that a report by the Principal is made after each school camp, detailing feedback regarding the event, in particular any mishaps or areas for future improvement.

Classroom teachers will be given the first option to attend camps.

A senior staff member will be in attendance at school whilst the children are returning from camp. The Teacher in Charge will communicate with this person in regards the anticipated return time.

While school camps are a team activity requiring the cooperation and common-sense of all participants, it is the Teacher in Charge who oversees the operations of the camp, takes charge of events, makes key decisions and accepts ultimate responsibility for the camp.

Only children who have displayed sensible, reliable behaviour at school will be invited to participate in the camping program. Parents will be notified if a child is in danger of losing their invitation to participate in a camping experience due to poor behaviour at school. If the unsatisfactory behaviour continues, the child will then be excluded from camp. The decision to exclude a student will be made by the Principal, in consultation with the Teacher in Charge.

Parents will be requested to collect their child from camp if their child exhibits behaviour that is considered unacceptable or they become unwell. The Teacher in Charge will make this decision. Costs incurred will be the responsibility of the parent.

The primary references that must be consulted when considering all camps is the Safety Guidelines for Outdoor Education Activities website: http://www.education.vic.gov.au/management/schooloperations/edoutdoors/default.htm as well as the Vic Govt Schools Reference Guide 4.4.2.2 – Student Safety & Risk Management.

To be read in conjunction with the “Excursions” policy.

**Evaluation:**

- This policy will be annually at the conclusion of the school’s camps program, and as part of the school’s three-year review cycle.

This policy was last ratified by School Council in.... 6/12/2011
