Manifold heights P.S  Week beginning March 2nd.
Coordinator: Jessica Kevelham.

We have had a fantastic week this week, our theme has been “things that fly” after all the children couldn’t stop talking about the air show, so what better way to get them all involved,

We have had the craft activities take off this week. Riley, Felix, Kate, Ruby, Oscar, Mitch and Tobey making planes out of paddle pop sticks, they look amazing. All the children got creative and were able to create there own design.

Maja, Caeley, Kate, and Layla made some amazing little birds in a cage just out of different shapes of paper, the girls were all so creative and did an amazing job.

Cricket is more popular than ever. Mason, Jet, Liam O, Ryder, Felix, Liam B, Zac, Samuel, Baylee, and Riley have been taking their cricket skills to another level. They are outside pretty much everyday with the wickets and bats and are always keen to have a match. The boys show great sportsmanship and are always encouraging the young child to get involved.

This weeks star of the week from Manifold heights goes to Ruby Burns for her excellent attitude in OSHC and always trying new things and getting involved. Well done Ruby.

This weeks star of the week from Holy Spirit goes to Olivia Grant for always helping everyone in OSHC and showing initiative. Well done Olivia.

Next week in OSHC we are going have art week so get ready to get extremely creative.

Jess and Staff.
