Manifold heights P.S Week beginning 6\textsuperscript{th} of Feb 2017.
Coordinator: Jessica Kevelham

Welcome back, it’s great to see everyone back in the OSHC room, as well as so many new faces. The children have settled in very well.

It’s been great to see some of the older children showing initiative and helping out the preps and new children by being buddies.

Will, Owen, Charlie and Sammy spent some of their time creating lots of different things using the large blocks.

Noah, Jet, Jack, Zara, Ruben and Max spent their time creating a café using the kitchen and the play food. The children established a menu and the prices. Other children enjoyed placing orders and receiving the food and drinks.

Star of the week with week goes to \textbf{Isla Davenport} for always smiling and being independent. Well done Isla, keep up the great work.

Jess and Staff
